

Environmental Policy Statement

360 TSL is committed to minimising the impact of its operations on local communities and the natural environment.

Our approach is based on striving for continual improvement in environmental activities.

360 TSL is committed to:

Monitoring to ensure compliance with all legal requirements, regulations, and standards of the country of operation.

Preventing pollution and monitoring our duties to prevent adverse impact or nuisance on the environment and communities as far as is possible.

Encouraging the improvement of standards within our industry, increasing environmental awareness amongst our employees, and pressing for the adoption of environmental and social principles across customers, subcontractors and suppliers alike.

Engaging in dialogue with affected parties to identify alternative solutions in the face of environmental challenges.

Reporting on the key environmental impacts of our operations, detailing the improvements achieved and setting targets for the future.
